# Works notice: Monday 17 July 2023

The Level 4 link bridge connecting the main hospital to Gloucester House is now open.

The pedestrian walkway connecting the main hospital to Gloucester House was successfully removed, reconfigured and reconstructed into position to enable large vehicles to pass through the campus.

While our builders continue to work on a range of civil and paving upgrades, staff, patients and visitors are advised to note the following:

- The Level 4 Gloucester House link bridge between the main hospital building and Gloucester House is now open
- Entry to the Level 4 link bridge from the main building includes stairs and is not wheelchair accessible
- Vehicle access to Lambie Dew Drive via Gloucester House Drive is via single-lane only
- Vehicle access to Gloucester House Drive via Lambie Dew Drive is closed
- Patients and visitors are advised to use the Level 5 Missenden Road drop-off zone and enter via the main hospital entrance.

LEVEL 4 LINK BRIDGE

Best access to The Perioperative Unit, ICU and Gloucester House

Due to limited parking bays and expected congestion during peak times, patients and visitors are advised to use the Level 5 Missenden Road drop-off zone and enter via the main hospital entrance.

Accessibility: For wheelchair access to Gloucester House please use the drop-off/pick up zone directly out the front of Gloucester House. For wheelchair access to the main hospital, please use the main hospital entrance.

The health, safety and wellbeing of staff, patients, neighbours and community is our highest priority. For any questions relating to this work, please contact the RPA Redevelopment Team:

Phone: **(02) 9515 4685**

email: **SLHD-RPARedevelopment@health.nsw.gov.au**

We're excited to work with you as we bring improvements to RPA, and we thank you for your patience and cooperation while the redevelopment continues. The RPA Hospital Redevelopment Team.
